Overall Length:

4.000 inches

Overall Height:

0.060 inches

Overall Width:

0.750 inches

Mounting Stud Length:

0.391 inches

Unthreaded Mounting Hole Diameter:

0.359 inches

End Application:

Armature diode wheel assembly, exciter

Usage Design:

Internal

Element Material:

Copper alloy

Terminal Location:

Top and bottom

Special Features:

Silver plate all surfaces per 160a898

Terminal Type And Quantity:

2 eyelet

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A33500
