Circuit Current For Which Designed:

Ac and dc

Overall Height:

3.960 inches

Overall Width:

4.421 inches

End Application:

Boiler

Indicator Type:

Digital display

Installation Design:

Panel

Scale Marking:

Zero center lone only mark

Special Features:

Bg series circular bar graphs consist of models 241, 251, 261 and 281, all series sensor power 24 vdc excitation power and 90 madc

Style Designator:

Rectangular surface mtg

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A310a0
