**Circuit Current For Which Designed:**

Ac and dc

**Overall Height:**

3.960 inches

**Overall Width:**

4.421 inches

**End Application:**

Boiler

**Indicator Type:**

Digital display

**Installation Design:**

Panel

**Scale Marking:**

Zero center lone only mark

**Special Features:**

Bg series circular bar graphs consist of models 241, 251, 261 and 281, all series sensor power 24 vdc excitation power and 90 madc

**Style Designator:**

Rectangular surface mtg

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A310a0
