Special Features:

Package consists of fireberd 6000, clock recovery, ieee-488 remote control, and precision time base

Functional Description:

7meets an unparalleled variety of test requirements from bit error analysis to signal, performance, and timingmeasurements; fully programmable with customized printouts, programable userpatterns, frequency synthesizer, and user defined flow control

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
