Overall Length:

10.000 inches

Overall Height:

6.000 inches

Overall Width:

13.000 inches

Ac Voltage Rating:

Between 120.0 volts and 240.0 volts

Frequency Rating:

Between 50.0 hertz and 60.0 hertz

Universal Medical Device Nomenclature System Code:

11489

Unpackaged Unit Weight:

14.500 pounds

Product Name:

Analyzer digital data electronic sam signl averagng mode120/240v

Special Features:

Features new sam signal averaging mode, new rs-232 port, battery powered for completley isolated measurement, digital display, hf leakage current measurement, 4 digit numeric lcd with backlight and power save mode; standard accessories: operator's manual, 2 safety clamps, 1 ground connection pin, 1 esu active electrode safety lead, 1 esu dispersive electrode safety lead, 1 esu cqm safety lead (valleylab comp), 1 ground safety lead, 2 jumper safety leads, detachable power cord; accurately test the following esu functions: output power, high freq leakage and cqm. Battery operation provides portability needed to test esus in the or or doctor's offices

Supplementary Features:

Includes rs-232 serial port for computer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
