Ac Voltage Rating:

110.0 volts and 120.0 volts

Frequency Rating:

Between 45.0 hertz and 440.0 hertz

Test Type For Which Designed:

Rf signals

Phase:

Single

Special Features:

Portable communication test set used to measure rf signals at different frequencies

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T228-a
