## NSN 6625-01-501-7127

Electrical Frequency Synthesizer - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6625-01-501-7127

Circuit	Construction	Type:
On care	OULISH GULLON	I V DC.

Solid state

## **Special Features:**

Used visic technology; creates complex signals from 6 fundamental waveforms; digitally synthesizes precise sine, square, triangle, ramp, white noise, dc and 3 more identical channels which can either modulate 1st synthesizer or can be summed to output; a second 50ohm output is added to provide a 2nd separate signal for 2-channel applications
