Document Source:

80009

Model Number:

Tg700

Product Name:

Multiformat video generator

Special Features:

Multiformat analog and digital test signal generation; modular expandable platform; ideal channel configuration and performance to support reference generator needs; powerline: 85 to 250 vac; power consumption: 100w (max); temperature: 0 cel to +50 degrees; attitude: 4500 meters; source voltage: 100 to 240v, 48 to 63hz

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800
