Overall Height:

4.065 inches

Overall Width:

5.185 inches

Scale Division Quantity:

50 single indicator single range

End Application:

E2b/c-dcn

Indicator Type:

Dial w/pointer

Installation Design:

Panel

Dial Scale Marking Color:

Black single indicator single range

Accuracy In Percent:

-2.0/+2.0 at full scale single indicator single range

Background Color:

White single indicator single range

Pointer Color:

Black single indicator single range

Power Source:

External

Scale Graduation Type:

Linear single indicator single range

Measurement Range:

+0.0/+5.0 milliamperes, dc single indicator single range

Special Features:

Thermoplastic case and window; depth (front of panel to end of terminals) 1.905 inch

Style Designator:

Rectangular flush mtg

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A310a0
