Circuit Current For Which Designed:

Dc

Power Source:

Internal

Measurement Range:

+0.0/+2000.0 milliohms single indicator single range

Features Provided:

Portable

Accuracy Rating:

Form 1 pct or the reading on the selected range single indicator single range

Product Name:

Pd name: bonding meter

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A310a0
