**End Application:**

Apmlifier control group

**Indicator Type:**

Digital display

**Installation Design:**

Rack

**Display Digit Quantity:**

16

**Scale Graduation Type:**

Nonlinear single indicator single range

**Measurement Range:**

-20.0/+18.0 volts, dc single indicator single range

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A310a0
