Overall Length:

0.175 inches

Overall Height:

0.040 inches

Overall Width:

0.157 inches

Current Rating And Type:

2.5 amperes ac

Special Features:

Mfg name: shunt, insulated

Precious Material And Location:

Contact plating gold

Supplementary Features:

Contact resistance: 10 milliohm max; lead size: .018 inch square; insertion depth: .0135 inch

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A33500
