Inclosure Feature:

Single item w/housing

Test Type For Which Designed:

Data communications

Functional Description:

Delivers total network test solutions; provides automation of conformance, interoperability or performance test suites; graphical generation of automated test suite with common cross-application interface; tcl code is automatically generated, it can be modified to add conditional expressions, looping, delay and variable substitution, all with graphical interface; atak automated testing option; simultaneous, multiport atm/lan/wan analysis; 100 pct cell/frame capture to 155 mb; atm physical layer, gcra, upc, cdv, etc, and all layer testing; atm qos, 0.191, cell error, cell loss, cell delay, cell delay variation, cell misinsertion, at line rate; atm signalling q.2931, uni 3.0, 3.1, 4.0, ilmi, pnni, lane, etc; atm network impairment, cell errors, cell loss, cell misinsertions, etc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
