Cross Sectional Shape:

Round

End Application:

Test equipment

Termination Type:

Pin 1st end first conductor

Leadlength:

Between 26.790 inches and 27.790 inches

Strand Quantity Per Conductor:

41 single conductor

Conductor Form:

Stranded single conductor

Product Name:

Micrograbber test clip

Strand Awg Size Per Conductor:

20 single conductor

Material:

Plastic polyvinyl chloride 1st position primary insulation single conductor

Precious Material And Location:

Plated smd test clip (first end) gold

Precious Material:

Gold

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A077a0
