Overall Electrical Value Range:

+0.000/+1.200 megohms

Product Name:

Pd name: decade resistance standard

Special Features:

Will provide highly accurate resistance values from 10 milliohms to 1.2 megohms with a minimum resolution of 20 microhms

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A31500
