**Overall Electrical Value Range:**

+0.000/+1.200 megohms

**Product Name:**

Pd name: decade resistance standard

**Special Features:**

Will provide highli accurate resistance values from 10 milliohms to 1.2 megohms with a minumum resolution of 20 microohms

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A31500
