Overall Length:
7.000 inches
Overall Height:
2.500 inches
Overall Width:
6.000 inches
Ac Voltage Rating:
110.0 volts
Dc Voltage Rating:
6.0 volts
Internal Battery Accommodation:
Included
Individual Channel Frequency:
Between 61.4 hertz and 1000.0 hertz
Mounting Method:
Free standing on caster
Individual Channel Quantity:
5
Special Features:
Four-digit thumb switch allows level selection of 0.1 to 10, 000; led indicators for charger and battery low
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T263-e
