Overall Length:

5.200 inches

Overall Height:

1.500 inches

Overall Width:

5.300 inches

Scale Direction And Range:

3 left to right

Current Type:

Dc

End Application:

Support for f/a-18 and f/a-18e aircraft

Internal Battery Accommodation:

Included

Err Default:

Err default

Product Name:

Hand held gaussmeter

Special Features:

Gauss or tesla readings available in this unit, lcd display; hard carrying case and two 9 volt batteries included

Type/model Designation:

5070

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T394-f
