End Application:

37000 lightning series vector network analyzers (vna)

Component Quantity:

26

Container Type:

Case

Product Name:

Sma/3.5 millimeter calibration kit

Special Features:

Includes 2-female adapters 34asf50-2; 2-phase equal female-female adapter 33fsf50; 1-phase equal male-male adapter 33ss50; 2-b male termination 28s50-2; 2-broadband female termination; 2-phase equal male-female adapter 33ssf50; 1-male open 24s50; 1-female open 23sf50; 1-male short 23s50; 1-female short 23sf50; 2-male adapter 34as50-2; 4-connector thumb wheel; 1-torque wrench 01-201; 1-reference flat 01-210; 1-pin depth guage 01-222; 1-pin depth guage 01-223; 1-calibration coefficients diskette; option 01 includes 1-female flush short 01-212; 1-male flush short 01-211; 1-female sliding termination 17sf50; 1-male sliding termination 17s50

Shelf Life:

N/a
