Overall Length:

15.000 inches

Overall Height:

3.500 inches

Wattage Rating:

40.000 watts

Voltage In Volts And Current Type:

250.0 ac-peak

Special Features:

Capacitance standard frame contains from one to 4 ah 11a fused-silics capacitance standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
