**Measurement Type:**

Frequency and time

**Frequency Range:**

+0.000/+1.300 gigahertz

**Product Name:**

300 mhz, 50 ps timer/counter

**Special Features:**

Gpib interface, timeview time, frequency analysis software for dos, external reference frequency multiplier 1, 5, 10 mhz and 1.2 ghz input c and very high stability oven timebase

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T297-a
