Measurement Type:

Frequency and time

Frequency Range:

+0.000/+1.300 gigahertz

Product Name:

300 mhz, 50 ps timer/counter

Special Features:

Gpib interface, timeview time, frequency analysis software for dos, external reference frequency multiplier 1, 5, 10 mhz and 1.2 ghz input c and very high stability oven timebase

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T297-a
