### Measurement Type:

Frequency and time

### Frequency Range:

+0.000/+1.300 gigahertz

## Product Name:

300 mhz, 50 ps timer/counter

### **Special Features:**

Gpib interface, timeview time, frequency analysis software for dos, external reference frequency multiplier 1, 5, 10 mhz and 1.2 ghz input

c and very high stability oven timebase

# Shelf Life:

N/a

# Unit Of Measure:

--

### Demilitarization:

No

#### Fiig:

T297-a
