Major Components:

Extender card, readiness tape, maintance tape, presets tape cartridge, earphone, disdersant, system program cartridge, left & right signal cable, left & right console assembly, concentrage, primary plotter

End Application:

P 3c orion aircraft

Electrical Power Source Relationship:

Self-contained

Internal Battery Accommodation:

Not included

Inclosure Feature:

Multiple item w/housing

Test Type For Which Designed:

Fast time analyzer system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T228-a
