Overall Length:

1.125 inches

Overall Height:

0.870 inches

Product Name:

Model 260 silicon sensor head

Special Features:

The s380, s370 and s371r become fiberoptic power meters when coupled with the model 260, 261 or 280 detectors; the model 260 silicon detector provides highly sensitive measurements in the 650-950 nanometer region

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A51110
