Circuit Current For Which Designed:

Dc

Indicator Type:

Dial w/pointer

Installation Design:

Panel

Measurement Range:

+1.0/+30.0 amperes, dc single indicator single range

Special Features:

Terminal resistance, special; round 3-1/2 inch, 90 degrees

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A310a0
