Overall Length:

4.000 inches

Overall Height:

2.000 inches

Overall Width:

6.000 inches

Indicator Type:

Bargraph and dial w/pointer

Installation Design:

Bench

Power Source:

External

Display Type:

Light emitting diode

Scale Selection Method:

Switch

Circuit Attachment Method And Quantity:

1 connector, plug

Special Features:

Switchable r.M.S. Or peak power, measures forward, reflected and vswr power

Style Designator:

Rectangular surface mtg

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A310a0
