Product Name:

N5320a pna-l network analyzer, 10 mhz to 20 ghz option 225

Special Features:

108 db of dynamic range and <0.006 db trace noise.<9 usec/point measurement speed, 32 channels, 16, 001 points.Tr/Irm calibration, on-wafer, in-fixture, and waveguide measurements

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T263-c
