Overall Length:

30.000 inches

Overall Height:

23.000 inches

Overall Width:

27.000 inches

End Application:

Brat test set

Usage Design:

Air data

Component Type And Quantity:

1 case and 1 controller

Special Features:

Dimensions per ansi y14.5m-1982 part number 02200219 primary number for flexible cable assemblies

Specification Data:

Mil-std-100e government standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A5110

Mil-std (military Standard):

Mil-std-100 spec.
