Frequency Rating:

500.0 megahertz

Electrical Power Source Relationship:

Alternate operating

Indicator Type:

Video

Special Features:

Supports emerging category 6a cabling standard; supports 10gbe applications; meets level iii accuracy requirements; includes hi-performance adapters that support channel and permanent link certs of tia5e.6.6a and iso d/e/ea utp and stp cabling

Supplementary Features:

Hard carrying case

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T263-c
