End Application:

Test equipment (test)

Special Features:

E series peak & average power sensor; frequency response 50mhz to 6ghz; power range average mode (-60dbm to +20dbm), normal mode (-45dbm to +20dbm); maximum power: +23dbm average, +30db peak

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A515c0
