Overall Length:

19.000 inches

Overall Height:

7.000 inches

Overall Width:

13.000 inches

External Dc Operating Voltage In Volts:

9.0 single voltage

Product Name:

Sontector wrd-33 state of the artvacuum leak detector

Special Features:

Works on the principle of detecting the ultrasound waves produced by leaks, vibrations, mechanically faulty operating equipment and electrical discharges. The reciever unit electronicallyconverts these high frequency sound waves into an audible sound heard through the headset and to an led reading.Also included is a transmitter that produces a high frequency sound, used mainly to verify that the receiver is functioning properly

Functional Description:

Detects ultrasoundwaves prodcued by leaks, bibrations, mechnaically faulty operating equipment and electricaldischarges

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fiig:

A32200
