Circuit Current For Which Designed:

Ac and dc

Indicator Type:

Dial w/pointer

Installation Design:

Hand held

Movement Type:

Vibrating reed

Power Source:

Internal

Special Features:

Analog multimeter w/holster, 2m ohm resistance. Battery life 200 hrs, operating range 0 degree c to 60 degree c. Overload protection all ranges 200 ma 250 volt glass fuse. Dc voltage 2.5, 10v, 50v, 500v. Ac voltage 50-60hz 10v, 50v, 500v

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A310a0
