

View Online at <https://aerobasegroup.com/nsn/6625-01-559-9633>

Special Features:

1.5 ghz active probe. Range: dc offset 15v, dynamic range 5v peak to peak. Input impedance r: 100kohm, input c: .08pf. Autoprobe interface compatible. Designed for the infiniium series and 6000 series 300 mhz-1ghz oscilloscopes. High frequency voltage probe

Color:

White

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
