Overall Length:

6.750 inches

Overall Height:

5.000 inches

Overall Width:

2.620 inches

Voltage In Volts And Current Type:

15.0 dc

Product Name:

10.12675 ghz frequency source

Special Features:

Frequency source having a ground pin, supply voltage pine, electrical tuning pin and a rf output pin connections; fm modulation of greater than 150khz, goal; harmonics -30 dbc; sub harmonics -60 dbc; spurious less than -60 dbc

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
