End Application:
Telemetry at pillar point
Product Name:
Tester, module
Special Features:
Full duplex prn pattern generator and pcm simulator; selectable pattern lengths, pcm frame simulation up to 4096 words, doppler
simmulation, data logging, sub frame counter, link delay measurements, doppler shift simulation, code conversion on input and output,
seperate d9 connectors for rs232 input and output, seperate triax connectors for rs422 input and output, seperate bnc connectors for ttl
input and output
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
Yes - demil/mli
