Overall Length:

4.800 inches

Overall Height:

2.600 inches

Overall Width:

3.200 inches

End Application:

Used on many agilent spectrum, network, and lightwave component analyzers

Usage Design:

Drives 1 to 2 probes

Special Features:

Probe power supply, 15 vdc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A51110
