Electrical Power Source Relationship:

Operating

Internal Battery Accommodation:

Included

Indicator Type:

Chart recording and graphic recorder

Product Name:

Telecom/datacom analyzer

Special Features:

Co-directional; rack mount version; ultimate field portable analyzer for installing, maintaining and testing 2.048 mbit/s pcm and data communications circuits

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T263-c
