End Application:

Sunset modular test toolkit

Special Features:

Dual ei ber testing; 75 ohm unbalanced 120 ohm balanced connectors; pulse mask analysis; histogram analysis; propagation delay; error injection/alarm generation; level and frequency measurements; vf analysis; jitter measurement; fresh relay; wander measurement; gsm; cprs; isdn pri; mfc-2; dtmf; signaling system no. 5

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
