Width:

144.8 millimeters

Length:

472.2 millimeters

Ac Voltage Rating:

Between 90.0 volts and 250.0 volts

Frequency Rating:

Between 47.0 hertz and 63.0 hertz

End Application:

Satellite communications

Product Name:

1/3 rack-mounted test translator

Special Features:

Weight: 2.04kg; operating temp: 0deg to 50 degrees c

Height:

37.6 millimeters

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T228-a
