Product Name:

Coaxial rf power transfer standards

Special Features:

This is a feedthrough thermistor standard and power splitter combination used for the calibration of bolometer, thermocouple, and diode terminating power sensors; size h3.5 x w8.5 x d15.4 inches; weight 5.5 lb; freq. Range 100khz to 4.2 ghz; power range -20 to 14 dbm

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
