NSN 6625-01-576-7600

Optical Sampling Module - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6625-01-576-7600

End Application:
F-16 aircraft
Special Features:
For high speed optical communications testing, extinction ratio and q-factor measurements, eye-pattern and pulse shape analysis,
relaxation oscillation testing, optical signla analysis, compliance testing and nrz, rz and optical duobinary signal characterization; 1 input
channel; 1310nm and 155nm effective wavelength range
Shelf Life:
N/a
Unit Of Measure:

Demilitarization:

Yes - demil/mli
