**Overall Height:**

256.0 millimeters

**Overall Width:**

169.0 millimeters

**Overall Thickness:**

64.0 millimeters

**End Application:**

Gpete

**Indicator Type:**

Lcd screen

**Product Name:**

Cage: 430 series three-phase power quality analyzer

**Special Features:**

Has 4 voltage and current inputs (3 phase + neutral); max. Voltage: 1000 vrms (6 kv peak); includes: hard carrying case; 4 current probes (1400s); 5 test leads and clips; battery charger; optical usb cable; color localization set; flukeview software

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T263-c
