Overall Height:

256.0 millimeters

Overall Width:

169.0 millimeters

Overall Thickness:

64.0 millimeters

End Application:

Gpete

Indicator Type:

Lcd screen

Product Name:

Cage: 430 series three-phase power quality analyzer

Special Features:

Has 4 voltage and current inputs (3 phase + neutral); max. Voltage: 1000 vrms (6 kv peak); includes: hard carrying case; 4 current probes (1400s); 5 test leads and clips; battery charger; optical usb cable; color localization set; flukeview software

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T263-c
