Overall Length:

4.000 inches

Overall Height:

3.630 inches

Overall Width:

4.000 inches

Ac Voltage Rating:

Between 400.0 volts and 570.0 volts

Internal Battery Accommodation:

Not included

Indicator Type:

Light

Design Type:

Visual

Mounting Method:

Hole

Product Name:

3-phase sequence and voltage band monitor/relay

Phase:

Three

Special Features:

Phase sequence abc; will not operate cba; hysteresis 4pct; led glows on fault; 19 oz weight; lock shaft adjustable; u/l listed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T263-e
