Special Scale Meter - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6625-01-599-7870

Overall Length:
2.200 inches
Overall Diameter:
1.550 inches
Installation Design:
Panel
Scale Marking:
Pie chart divided into 3 sections with each section having numbrs 30, 40 and 50 in one section peach plus a center spot indicator
Product Name:
Desiccator plug
Special Features:
Meausres realtive humidity in ranges of 30, 40 and 50 % as well as inidcating condition of desiccant located at the center spot indicato
used on shipping containers; 10 psi maximum internal pressure
Material:
Aluminum
Material Specification:
Qq-a-225/5 or /6 federal specification single material response
Surface Treatment:
Anodize
Shelf Life:
N/a
Unit Of Measure:

Demilitarization:
No
Fiig:
A310a0
