Ac Voltage Rating:

230.0 volts 1st operating power rqmt

Electrical Power Source Relationship:

Operating

Product Name:

Electrical safety analyzer with test automation

Special Features:

Includes: operators manual 1; start-up guide 1; esa620 european accessory kit (test lead set, test probe set, ac285 alligator clip set) 1; null post assembly 1; data transfer cable 1; carrying case 1; power cord 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T263-c
