Frequency Range Rating:

+0.009/+26500.000 megahertz

End Application:

E-3 awacs

Furnished Items And Quantity:

Quick reference guide, user guide 08560-90110, front cover, operation verification disc, n-sma adapter, n-bnc adapter, 23cm coax cable, 4mm allen wrench, 50-ohm termination, power cord

Product Name:

Spectrum analyzer

Functional Classification:

Aa-3.3

Special Features:

Opt 001 second if output, opt 104 delete 85620a mass memory module

Entry Date:

11-11-21

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A532p0
