Dc Voltage Rating:

6.0 volts 1st operating power rqmt and 12.0 volts 1st operating power rqmt

Electrical Power Source Relationship:

Self-contained

Internal Battery Accommodation:

Not included 1st operating power rqmt

Test Type For Which Designed:

Verifies the adsl line is provisioned and physically configured correctly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T228-a
