Product Name:

Agilent e82570 psg analog signal generator

Extra Long Reference Number:

E8257d opt 520, 1cp, 1ed, 1eh, 1em, 1e1, unt, uny

Special Features:

Fully synthesized signal generator with options 520 frequency range from 250kHz to 20GHz, 1e1 step attenuator: 1ed type-n (f) rf output connector: 1em moves all front panel connectors to the rear panel: uny enhanced ultra low phase noise: 1eh improved harmonics below 2GHz: unt am, fm, phase modulation, and lf output: andd 1cp rack mount flange with front handle kit

Reference Number Differentiating Characteristics:

As differentiation by extra long reference number

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T320-j
